Personalize Your Style

Beautify Your Home for a Brand New Butterfly Chic

ASODA MOBILIA

As Oda Mobilya was founded by combining the knowledge and experience gained over many years in the industry. Specializing in home furniture, we have adopted the principle of designing and producing products that add value to people's living spaces. We currently have a sales network throughout Türkiye, and we are continuously working to expand this sales network.

As Oda Furniture, we operate in both Turkish and international markets. Our goal is to represent our country in the best possible way, as a successful Turkish company worldwide.

Our most valuable asset is our young and dynamic team, which loves its company and its country, and our transparent, ambitious, and innovative management team. Just like choosing furniture, producing it requires a great deal of knowledge, passion, and pleasure. We have chosen to design and produce products that add value to life as our profession. We have dedicated our lives to this artistic pursuit. Our work is about staying current and staying one step ahead.

We do our job with love...
