LEGACY SHIFT

A NEW PHASE OF OUR HERITAGE.

The LEGACY SHIFT Collection represents the evolution of our long-standing expertise in seating into a design vision grounded in craftsmanship and extending across the entire living space.

Designed Around Living

Every piece is shaped around the rhythm of contemporary life. Soft seating forms, architectural silhouettes, refined surfaces, and balanced proportions come together to create interiors that feel both functional and emotionally warm. The collection offers a complete living experience where comfort, elegance, and craftsmanship exist in harmony.

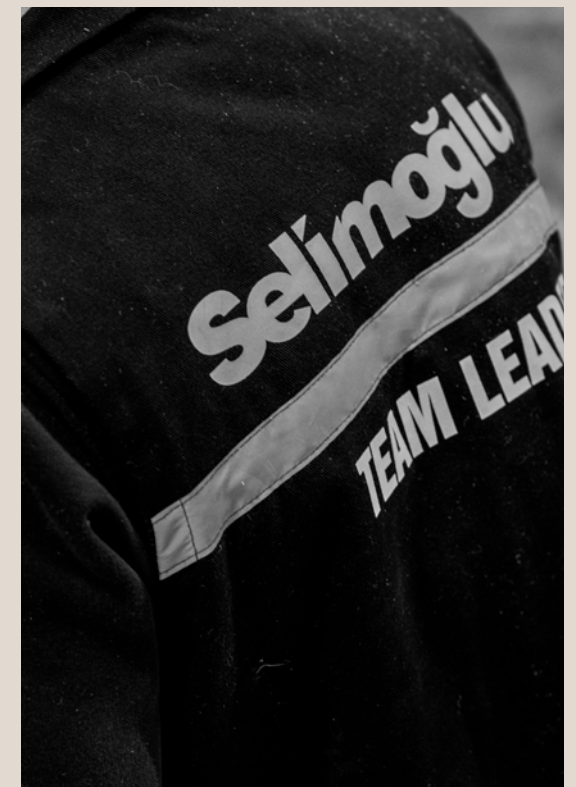

Materials With Character

Wood, marble, fabric, metal, and textured surfaces become more than visual details; they define the identity of each design. Natural tones, bold accents, and refined finishes create depth and contrast, bringing a strong sense of character to modern living spaces.

A Complete Design Language

The collection extends beyond individual products and creates a unified atmosphere throughout the living space. Dining rooms, wall units, sofas, armchairs, coffee tables, and storage pieces share the same visual discipline, building a calm, sophisticated, and timeless interior character.
